

**Jefferson County Schools
School Intervention Team**

Date ___/___/___

Dear Parent or Guardian,

All students were given a reading assessment at the beginning of this school year. This assessment is called Think Link and is given across the country. All students will be given the assessment again mid year and at the end of the school year.

Your student did not meet the expected range for their grade level for this first assessment, scoring in the at-risk range, so we will begin working with him/her in the area of literacy for additional instruction in a small group setting. This extra help is referred to as an **intervention**. It will be provided within the classroom and will be given to all students who did not meet that expectation.

At home, we suggest that you continue to read with your child each night, review their sight word list provided by your teacher, and if you have computer access, work with your child from the Jefferson County Schools website (www.jc-schools.net). If you have questions about this, please contact your child's teacher or _____, school counselor at _____ School.

In Jefferson County we are working together to assure that No Child is Left Behind!

Respectfully,

School Intervention Team Member
