Grade 7

Social Studies

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30
Cultural Perspective																														
● Culture: Similarities/Differences																														
■ Culture: Components/Define																														
■ Culture: Different Ways of Life/Region																														
■ Culture: Communities/Reflect/Culture																														
■ Culture: Role/Diffusion/Interactions																														
■ Culture: Describe/Location/Attributes																														
■ Culture: Define/Religion																														
■ Culture: Describe/Beliefs/Major Religion																														
■ Culture: Evaluate/Role/Religious Beliefs																														
■ Culture: Characteristics/Environment																														
■ Culture: Compare/Environments/Resources																														
■ Culture: Evaluate/Effect/Technology																														
■ Culture: Experiences/Interpreted																														
■ Culture: Elements/Cause Misunderstanding																														
Economics																														
● Economics: Concepts/Examine																														
■ Economics: Types/Methods/Product/Consume																														
■ Economics: Resources/Local/Region/World																														
■ Economics: Resources/Renewable/Non																														
■ Economics: Apply/Basic Concepts/Regions																														
■ Economics: Basic Concepts/Recognize																														
■ Economics: Interactions/Systems																														
■ Economics: Worldwide Exchange																														
■ Economics: Resources/Products/TN

Grade 7

Social Studies

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30
■ Economics: Impact/Improve/Comm/Transport																														
■ Economics: Appraise/Relationships																														
■ Economics: Evaluate/Impact/Agreements																														
■ Economics: Concepts/Contemporary Dev.																														
■ Economics: Interpret/Issues/Maps/Charts																														
■ Economics: Describe/Resources																														
■ Economics: Resources/Recycled																														
■ Economics: Patterns/Distribution/Utiliz.																														
■ Economics: Relate/Resources/Living																														
■ Economics: Analyze/Issues/Resources																														
Geography																														
● Geography: Concepts																														
■ Geography: Describe/Use/Elements/Mapping																														
■ Geography: Location/Attributes/Maps																														
■ Geography: Locate/Longitude/Latitude																														
■ Geography: Locate/Major Characteristics																														
■ Geography: Distinguish/Types/Maps																														
■ Geography: Understand/Types/Maps																														
■ Geography: Interpret/Map/Scale/Direction																														
■ Geography: Interpret/Time Zone Map																														
■ Geography: Applications/GIS/GPS																														
■ Geography: Location/Major Characteristic																														
■ Geography: River Systems/TN																														
■ Geography: Select/Resources/TN																														
■ Geography: Location/Landforms/Waters																														
■ Geography: Six Regions/TN
