	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30
Elements of Language																														
● Elements of Language: Skills																														
■ Elements of Language: Nouns/Correct Use																														
■ Elements of Language: Verbs/Correct Use																														
■ Elements of Language: Pronouns/Correct																														
■ Elements of Language: Adjectives/Correct																														
■ Elements of Language: Adverbs/Correct																														
■ Elements of Language: Conjunct/Correct																														
■ Elements of Language: Preposition/Phrase																														
■ Elements of Language: Interjections/Corr																														
■ Elements of Language: Usage Errors																														
■ Elements of Language: Dialect/Difference																														
■ Elements of Language: Capitalization/Use																														
■ Elements of Language: Commas/Colons, Etc																														
■ Elements of Language: Possessives/Form																														
■ Elements of Language: Spell/Variou																														
■ Elements of Language: Proofread/Spelling																														
■ Elements of Language: Appositives/Phrase																														
■ Elements of Language: Clauses/Place																														
■ Elements of Language: Run-On Sentences																														
■ Elements of Language: Fragments/Correct																														
■ Elements of Language: Combine Sentences																														
■ Elements of Language: Inverted Order																														
■ Elements of Language: Phrases/Use																														
■ Elements of Language: Clauses/Phrases																														
■ Elements of Language: Phrases/Use

■ Number/Operations: Integers/Represent																														
■ Number/Operations: Number Theory/Develop																														
■ Number/Operations: Fractions/Decimals																														
■ Number/Operations: Properties/Assoc/Comm																														
■ Number/Operations: Property/Distributive																														
■ Number/Operations: Order of Operations																														
■ Number/Operations: Inverse Relationship																														
■ Number/Operations: Compute/Prob/Solving																														
■ Number/Operations: Procedures/Compute																														
■ Number/Operations: Real-World/1-Step																														
■ Number/Operations: Computation/Estimate																														
■ Number/Operations: Estimations/Rational																														
■ Number/Operations: Estimate/Exact

Jefferson County Schools

Final, 08/05/2004

Grade 6 - Blueprint

Mathematics

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30
Algebra-Blueprint																														
● Algebra: Analysis																														
■ Algebra: Patterns/Extend/Geo/Numerical																														
■ Algebra: Patterns/Generalize																														
■ Algebra: Function Rules/Complete Tables																														
■ Algebra: Variables/Uses																														
■ Algebra: Expressions/Equations/Write																														
■ Algebra: Expressions/Evaluate/Variable																														
■ Algebra: Equations/Variables/Missing																														
■ Algebra: Expressions/Model																														
■ Algebra: Graph/Real-World Problem																														
■ Algebra: Variable/Change/Results																														
Geometry-Blueprint																														
● Geometry: Concepts																														
■ Geometry: 2-D/Classify/Relationships																														
■ Geometry: Angles																														
■ Geometry: Lines/Characteristics/Describe																														
■ Geometry: Quadrilaterals/Classify																														
■ Geometry: Similarity/Congruence																														
■ Geometry: Coordinate System/Ordered Pair																														
■ Geometry: Transformations/Predict/2-D																														
■ Geometry: Symmetry/Rotational																														
■ Geometry: Congruent/Motion																														
■ Geometry: Figures/2-D/3-D/Draw																														
■ Geometry: 3-D Object/Build/2-D Represent

Jefferson County Schools

Final, 08/05/2004

Grade 6 - Blueprint

Mathematics

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30
■ Geometry: Solve Problems/Visualization																														
Measurement-Blueprint																														
● Measurement: Concepts																														
■ Measurement: Unit Systems/Understand																														
■ Measurement: Unit/System/Convert/Within																														
■ Measurement: Units/Appropriate																														
■ Measurement: Estimate/Circumference/Vol																														
■ Measurement: Circumference/Formula/Dev.																														
■ Measurement: Area/Parallelogram/Triangle																														
■ Measurement: Area/Trapezoids/Circles																														
■ Measurement: Area/Volume/Prisms/Cylinder																														
■ Measurement: Solve Problems																														
■ Measurement: Ratios/Scales/Use																														
■ Measurement: Precision/Recognize																														
Data Analysis and Probability																														
● Data Analysis/Probability: Skills																														
■ Data Analysis/Prob: Data/Questions																														
■ Data Analysis/Probability: Methods																														
■ Data Analysis/Prob: Data/Representations																														
■ Data Analysis/Prob: Solve Prob/Graphs																														
■ Data Analysis/Prob: Center/Spread																														
■ Data Analysis/Prob: Data Sets/Connect																														
■ Data Analysis/Prob: Conjectures/Predict																														
■ Data Analysis/Probability: Sample Size																														
■ Data Analysis/Probability: Survey/Random

Grade 7 - Blueprint

Mathematics

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30
Number and Operations																														
● Number/Operations: Skills																														
■ Number/Operations: Place Value																														
■ Number/Operations: Squares/Perfect																														
■ Number/Operations: Square Roots																														
■ Number/Operations: Exponential Notation																														
■ Number/Operations: Real Number System																														
■ Number/Operations: Equivalent Forms																														
■ Number/Operations: Fractions/Compare																														
■ Number/Operations: Number Line/Connect																														
■ Number/Operations: Percents/> 100/< One																														
■ Number/Operations: Ratios/Proportions																														
■ Number/Operations: Opposites/Reciprocals																														
■ Number/Operations: Number Line/Integers																														
■ Number/Operations: Number Theory/Apply																														
■ Number/Operations: Fractions/Decimals																														
■ Number/Operations: Integers/Models																														
■ Number/Operations: Properties/Apply																														
■ Number/Operations: Order of Operations																														
■ Number/Operations: Inverse Relationship																														
■ Number/Operations: Compute/Tools/Select																														
■ Number/Operations: Procedures/Compute																														
■ Number/Operations: Estimate/Rational																														
■ Number/Operations: Estimations/Rational																														
■ Number/Operations: Real-World/1&2 Step																														
■ Number/Operations: Proportions/Methods

Grade 7 - Blueprint

Mathematics

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30
Algebra-Blueprint																														
● Algebra: Analysis																														
■ Algebra: Patterns/Extend/Geo/Numerical																														
■ Algebra: Sequences/Arithmetic																														
■ Algebra: Real-World/Patterns/Generalize																														
■ Algebra: Function Rules/Create																														
■ Algebra: Variables/Uses																														
■ Algebra: Real-World Situations/Symbols																														
■ Algebra: Expressions/Translate																														
■ Algebra: Expressions/Variables/Two/More																														
■ Algebra: Linear Equations/Methods																														
■ Algebra: Inequality/One-Variable																														
■ Algebra: Equations/Model																														
■ Algebra: Linear Equations/Real-World																														
■ Algebra: Expressions/Graphs of Lines																														
■ Algebra: Scatterplot/Tabular Form Data																														
■ Algebra: Scatterplot/Relationship																														
■ Algebra: Variable/Change/Graphs																														
■ Algebra: Unit Rates/Solve Problems																														
Geometry-Blueprint																														
● Geometry: Concepts																														
■ Geometry: Congruence/Attributes																														
■ Geometry: Triangles/Classify																														
■ Geometry: Polygons/Classify																														
■ Geometry: Similarity/Congruence/Language

Grade 7 - Blueprint

Mathematics

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30
■ Geometry: Coordinate Plane/Points																														
■ Geometry: Symmetry/Congruence/Reflection																														
■ Geometry: Objects/Draw/Tools																														
■ Geometry: 3-D Object/Build/2-D Represent																														
■ Geometry: Solve Problems/Visualization																														
Measurement-Blueprint																														
● Measurement: Concepts																														
■ Measurement: Unit Systems/Understand																														
■ Measurement: Unit/Convert/Within System																														
■ Measurement: Units/Understand/Select/Use																														
■ Measurement: Estimate/Length/Strategies																														
■ Measurement: Techniques/Tools																														
■ Measurement: Circumference/Formulas																														
■ Measurement: Area/Estimate/Find																														
■ Measurement: Area/Volume/Prisms/Cylinder																														
■ Measurement: Rates/Change/Tables/Graphs																														
Data Analysis and Probability																														
● Data Analysis/Probability: Skills																														
■ Data Analysis/Prob: Data/Questions																														
■ Data Analysis/Prob: Solve Prob/Graphs																														
■ Data Analysis/Prob: Center/Spread																														
■ Data Analysis/Prob: Misrepresentation																														
■ Data Analysis/Prob: Data Sets/Connect																														
■ Data Analysis/Prob: Reasoning/Conjecture																														
■ Data Analysis/Prob: Conjectures/Future

Final, 08/05/2004

Grade 8 - Blueprint

Mathematics

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30
Number and Operations																														
● Number/Operations: Skills																														
■ Number/Operations: Place Value																														
■ Number/Operations: Expanded Form																														
■ Number/Operations: Square Root/Perfect																														
■ Number/Operations: Real Number System																														
■ Number/Operations: Word Prob/Flexible																														
■ Number/Operations: Fraction/Decimals/%																														
■ Number/Operations: Number Line/Integers																														
■ Number/Operations: Percents/> 100/< One																														
■ Number/Operations: Language/Symbols																														
■ Number/Operations: Ratios/Proportions																														
■ Number/Operations: Notation/Large Number																														
■ Number/Operations: Opposites/Reciprocal																														
■ Number/Operations: Rational/Opposite																														
■ Number/Operations: Integers/Represent																														
■ Number/Operations: Number Theory/Apply																														
■ Number/Operations: Fractions/Decimals																														
■ Number/Operations: Properties/Apply																														
■ Number/Operations: Property/Distributive																														
■ Number/Operations: Rationals/Order of Op																														
■ Number/Operations: Inverse Relationship																														
■ Number/Operations: Compute/Tools/Select																														
■ Number/Operations: Procedures/Compute																														
■ Number/Operations: Rational Computations																														
■ Number/Operations: Rational/Reasonable

Jefferson County Schools

Final, 08/05/2004

Grade 8 - Blueprint

Mathematics

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30
■ Number/Operations: World Prob/1-Step																														
■ Number/Operations: Rational/Whole/Powers																														
■ Number/Operations: Real-World Prob/Solve																														
■ Number/Operations: Proportions/Analyze																														
■ Number/Operations: Rates/Cost Per Unit																														
Algebra-Blueprint																														
● Algebra: Analysis																														
■ Algebra: Patterns/Generalize/Analyze																														
■ Algebra: Sequences/Arithmetic/Geometric																														
■ Algebra: Representation/Relationship																														
■ Algebra: Functions/Linear/Nonlinear																														
■ Algebra: Functions/Properties/Compare																														
■ Algebra: Equations/Multi-Step																														
■ Algebra: Intercept/Slops																														
■ Algebra: Symbolic/Solve Problems																														
■ Algebra: Linear Relationships/Forms/Use																														
■ Algebra: Expressions/Equivalent Forms																														
■ Algebra: Expressions/Variables/Two/More																														
■ Algebra: Linear Equations/Integers																														
■ Algebra: Linear Equations/Multi-Step																														
■ Algebra: Formulas/Real-World Problems																														
■ Algebra: Linear Inequalities/1-Step																														
■ Algebra: Linear Equation/Graph/Identify																														
■ Algebra: Linear Inequality/Graphical Rep																														
■ Algebra: Values/Patterns/Functions																														
■ Algebra: Real-World Prob/Representations																														

Curriculum Grade Book

Jefferson County Schools

Final, 08/05/2004

Grade 8 - Blueprint

Mathematics

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30
■ Algebra: Linear/Non-Linear Relationships																														
■ Algebra: Rates of Change/Graphs																														
Geometry-Blueprint																														
● Geometry: Concepts																														
■ Geometry: 2-D/Classify/Relationships																														
■ Algebra: Angles/Relationships																														
■ Geometry: Angle Relationships/Solve Prob																														
■ Geometry: Angle/Measure/Triangle																														
■ Geometry: Similar Figures/Angle Relation																														
■ Geometry: Congruence/Compare Attributes																														
■ Geometry: Pythagorean Theorem																														
■ Geometry: Coordinate System/Points/Graph																														
■ Geometry: Transformations/Describe																														
■ Geometry: Symmetry/Congruence/Line																														
■ Geometry: Objects/Draw/Tools																														
■ Geometry: 2-D Representations/3-D																														
■ Geometry: Solve Problems/Visualization																														
■ Geometry: Ideas/Relationship/Environment																														
Measurement-Blueprint																														
● Measurement: Concepts																														
■ Measurement: Unit Systems/Understand																														
■ Measurement: Units/System/Convert/Within																														
■ Measurement: Units/Appropriate/Select																														
■ Measurement: Estimate/Strategies/Use																														
■ Measurement: Techniques/Tools
