

My favorite animal es cheetah. Cheetha runs fast cheetah climbs trees. Cheetha eats animals. Coronado

Bats, bats everywhere fling without a single care. Fliing through the very dark night give some people a really go fright. Black bats, brown bats, bats galore. Bumble bee and fox bats makes two more! In Japan bats mean luck while in China and Italy they mean “yuck”! Bats are indangered spiecies so won’t you pleas help me stop the killing will cease? Bats are amazing creaters with more amazing featchers! Chelsie

Rabbits are not hard to take care of. All you have to do is feed them. Rabbits are born without fur. I have seen a being born it had white sike. Rabbits are mean to you if you are mean to them. They will scratch really hard. Rabbits are the nices animals. They will love you if you love them. I love rabbits. Morgan

I will try to create popcorn caramal balls! First melt some caramal in a pot. Then pour a bag of popped popcorn into a bowl. Grasp some popcorn and some caramal and mix it together to make a ball. Then bonapateate. Feeds two! Chelsie
