Dear, mom

In Fifth Grade we study six different subjects there are Spelling reading writing Science Math and social studies. Were graded in each subject area in addition we has music art Chorus band Library pe 4H and dare. Usually at the end of the day we has recess. If students has not turned in they're work they have to stay in at Recess and complete the work. There is quiet a lot of homework in fifth Grade. We works really hard but we learnt many new skills. I enjoy fifth grade.

Sincerely: katherine
